

Sweet & Sour Blues

Lately I've learned ten things about you
Nine of them are bad
And one is simply not true
But trusting in them was something I could not undo
And now I have these sweet and sour blues.

>Time to put this deal in the ground
Pretend it was a song without any sound
But I never thought I'd have to change the name of my hometown
Just to keep these sweet and sour blues from coming around

There used to be nothing
I wouldn't do for you
Bring a lie to Heaven
And swear it was true
I know now that was a
Silly thing to do
So now I'm carrying around
These sweet and sour blues

>We once carved our name on the tree
No small task adding a personality
Making it up was as confusing as trying to be free
And now these blues are all over me.

I've been stressed
To the point of being blessed
I've been all things a man knows how to suppress
Just for stepping up I passed that test
But these sweet and sour blues cannot be put to rest.

>Destiny is just a message arriving late
The road becomes nothing without a gate
Sometimes it's a gamble when you have to pray and wait
But these sweet and sour blues never hesitate.
